EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Harris Pitlick on June 19, 2006.

The application has been amended as follows:

Cancel claims 6 and 7.

Claim 13, line 4, change "silicon nitride" to - - silicon carbide - -.

2. The following is an examiner's statement of reasons for allowance: Applicants argument that the at least one element must be present as a silicide in the recite amount range in the final product is persuasive in overcoming the rejection. The rejections over Miyashita et al '165 are withdrawn I view of applicants argument that Miyashita et al recognizes no benefit in using a combination of two or more compounds let alone the particular combination of the present claims and as exemplified by the examples of the instant disclosure.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

3. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Karl E. Group whose telephone number is 571-272-1368. The examiner can normally be reached on M-F (6:30-4:00) First Friday Off.
